“ Thank you for the happy memories you gave our family; moments of joyful laughter with your delightful sense of humor. We are forever grateful for the companionship you and Loretta you shared with my father in his last years, probably the most enjoyable time of his life. I so enjoyed our years of correspondence after I moved away from Batavia, and sharing your letters with my girls who have ways remembered you fondly. May you rest in well-deserved peace. “ Monica, Thank you for being friends with our family for years. Being our next door neighbor for a long time while we were kids but also to my Grand parents before my generation moved into the family home. We knew to never ride on your lawn... lol
My Mom loved taking you to the Dr's or shopping when you still could. She really had a hard time not being able to see you because of Covid and bad decisions by our government that hurt and killed so many fragile people.
She passed in March and it didnt take you long to catch up to her.
I know you kept Mom going as she did you!
So rest in Gods peaceful place he has for you both who well desrve it. THANK YOU.
Scott K. Williams.
P.S. I love garden flowers especially Marigolds! Im sure I owe all of that to you.
